PECB Certified Computer Forensics Foundation

Become acquainted with the best practices of Computer Forensics

Why should you attend?

Computer Forensics Foundation training enables you to learn the basic elements to implement Computer Forensics processes. During this training course, you will be able to understand computer forensics tools that are used to implement the forensics evidence recovery and analytical processes.

After completing this course, you can sit for the exam and apply for the "PECB Certified Computer Forensics Foundation" credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, processes and management approach.

Who should attend?

➤ Individuals interested in Computer Forensics Processes
➤ Individuals seeking to gain knowledge about the main processes of Computer Forensics
➤ Individuals interested to pursue a career in Computer Forensics

Learning objectives

➤ Understand the basic concepts of Computer Forensics
➤ Understand the basic processes of Computer Forensics
➤ Understand the approaches, methods and techniques used to effectively manage Computer Forensics Processes

Course Agenda   DURATION: 2 DAYS

➤ Day 1: Introduction to Computer Forensics Processes
➤ Day 2: Computer Forensics Processes and Certification Exam

Prerequisites

➤ None

Examination   DURATION: 1 HOUR

The "PECB Certified Computer Forensics Foundation" exam fully meets the requirements of the PECB Examination and Certification Programme (ECP). The exam covers the following competency domains:

➤ Domain 1: Fundamental principles and concepts of Computer Forensics
➤ Domain 2: Computer Forensics Processes

For more information about exam details, please visit Examination Rules and Policies.

Certification

After successfully completing the exam, you can apply for the credential "PECB Certified Computer Forensics Foundation".

For more information about Computer Forensics certifications and the PECB certification process, please refer to the Certification Rules and Policies.

General Information

➤ Certification and examination fees are included in the price of the training course
➤ Training material containing over 200 pages of information and practical examples will be distributed
➤ A participation certificate of 14 CPD (Continuing Professional Development) credits will be issued
➤ In case of exam failure, you can retake the exam within 12 months for free
